Getting a Prescription Filled at a Participating Pharmacy

To get a prescription filled, you need only take your prescription to a participating pharmacy and present your ID card. The amount you pay for a covered prescription - your copay - will be determined by which formulary tier the drug falls into (*a description of the drug tiers is listed below*).

A generic drug contains the same effective ingredients, meets the same standards of purity as its brand-name counterpart and typically costs less. In many situations, you have a choice of filling your prescription with a generic medication or a brand-name medication. You may have to pay an additional charge that represents the cost difference between the brand-name medication and the generic equivalent.

The formulary is a list of recommended brand and generic medications. Drugs on the formulary are grouped by "tiers." A number of factors are considered when classifying drugs into tiers, including, but not limited to: the absolute cost of the drug; the cost of the drug relative to other drugs in the same therapeutic class; the availability of over-the-counter alternatives; and other clinical and cost-effectiveness factors.

Tier 1 - Lowest copayment - Drugs offering the greatest value within a therapeutic class. Some of these are generic equivalents of brand name drugs.

Tier 2 - Medium copayment - Drugs on this tier are generally the more affordable brand-name drugs. Other drugs are on this tier because they are "preferred" within their therapeutic classes, based on clinical effectiveness and value.

Tier 3 - Highest copayment - These are higher cost brand-name drugs. Some Tier 3 drugs may have generics or equivalents in Tier 1. In addition, some drugs on this tier may have been evaluated to be less cost-effective than equivalent drugs on lower tiers.

Tier 4 - Tier 4 drugs are those that have the higher cost share than tier 3 drugs. This tier includes non-preferred drugs that may be generic, single source brand name drugs, multi-source brand, or specialty drugs.

Copies of our tiered drug formulary list are furnished to your providers. They are updated quarterly and are available online at www.anthem.com/ca, click on Customer Care, Download Forms and then choose Anthem Blue Cross Drug List (tiered). You or your provider may also contact our Pharmacy Customer Service at 800-700-2541.

You may also sign up online to get important updates by email. To get updates from us by email, follow these steps: - Log in to anthem.com/ca - Choose the Profile Link in your Welcome section on the right side of the page - Enter your email address in your profile information - Check the box below your email address to receive information from us.

Finding a Participating Pharmacy

Because our huge pharmacy network includes major drugstore chains plus a wide variety of independent pharmacies, it is easy for you to find a participating pharmacy. You can also find a participating pharmacy by calling Pharmacy Customer Service at 800-700-2541 or by going to our Web site at anthem.com/ca.

Using a Participating Pharmacy

You can control the cost of your prescription drugs by using our network of participating pharmacies. Participating pharmacies have agreed to charge you not more than the prescription drug maximum allowed amount.

Using a Non-Participating Pharmacy

If you choose to fill your prescription at a non-participating pharmacy, your costs may increase. You will likely need to pay for the entire amount of the prescription and then submit a prescription drug claim form for reimbursement to us.

Members that submit claims from non-participating pharmacies are reimbursed based on the lesser of the billed charge or on a prescription drug maximum allowed amount. The prescription drug maximum allowed amount may be considerably less than you paid for your medication. You are responsible for paying any difference in cost between the prescription drug maximum allowed amount and what you paid for your medication.

You may obtain a prescription drug claim form by calling Pharmacy Customer Service at the toll-free number printed on your member ID card or by going to our Web site at anthem.com/ca.

Home Delivery Program

If you take a prescription drug on a regular basis, you may want to take advantage of our mail service program. To fill a prescription through the mail, simply complete the Home Delivery form. You may obtain the form by calling Customer Service, at the toll-free number listed on your ID card or by going to our Web site at anthem.com/ca.

Please note that not all medications are available through the Home Delivery Program. Certain specialty pharmacy drugs are not available through the home delivery program, see Specialty Pharmacy Program below.

Specialty Pharmacy Program

Specialty medications are usually dispensed as an injectable drug, but may be available in other forms, such as a pill or inhalant. They are used to treat complex conditions. Prescriptions for specified specialty pharmacy drugs are covered only when ordered through the specialty pharmacy program unless you are given an exception from the specialty drug program (*see EDC/Certificate for details*). The specialty pharmacy program will deliver your medication to you by mail or common carrier (*you cannot pick up your medication*). You may have to pay the full cost of a specialty pharmacy drug if it is not obtained from the specialty pharmacy program. Specialty drugs that must be obtained through the specialty pharmacy program are limited to a 30-day supply for each fill.

The Prescription Drug Benefit covers the following:

- Preventive flu and pneumonia vaccines administered by a participating retail pharmacy
- Outpatient prescription drugs and medications which the law restricts to sale by prescription. Formulas prescribed by a physician for the treatment of phenylketonuria.
- Insulin
- Syringes when dispensed for use with insulin and other self-injectable drugs or medications
- Prescription oral contraceptives; contraceptive diaphragms. Contraceptive diaphragms are limited to one per year and will be subject to a tier 2 or tier 3 copay.
- Injectable drugs which are self-administered by the subcutaneous route (under the skin) by the patient or family member. Drugs that have Food and Drug Administration (FDA) labeling for self-administration
- All compound prescription drugs that contain at least one covered prescription ingredient.
- Diabetic supplies (i.e., test strips and lancets)
- Prescription drugs for treatment of impotence and/or sexual dysfunction are limited to organic (non-psychological) causes.
- Inhaler spacers and peak flow meters for the treatment of pediatric asthma. These items are subject to the copay for tier 2 or tier 3 copay.
- Certain over-the-counter drugs approved by the Pharmacy and Therapeutics Process to be included in the prescription drug formulary.

Prescription drug copays are separate from the medical copays of the medical plan and are not applied toward the Annual Out-of-Pocket Maximums under the Medical Plan.

- † Classified specialty drugs must be obtained through our Specialty Pharmacy Program and are subject to the terms of the program.
- ‡ Preferred Generic Program. If a member requests a brand name drug when a generic drug version exists, the member pays the generic drug copay plus the difference in cost between the prescription drug maximum allowed amount for the generic drug and the brand name drug dispensed, but not more than 50% of our average cost of that type of prescription drug. The Preferred Generic Program does not apply when the physician has specified "dispense as written" (DAW) or when it has been determined that the brand name drug is medically necessary for the member. In such case, the applicable copay for the dispensed drug will apply.
- § Supply limits for certain drugs may be different. Please refer to the EOC/Certificate for complete information.
- f Compound drugs are not covered through home delivery; only covered through certain retail participating pharmacies.
